### SYNOPSIS

Thirty years ago: seven floors, one door. Since the old went underground and sealed it, down here the old eat the young. A man who cannot speak climbs back up through seven villages, each ruled by its own sin like the circles of Dante's Inferno, while the camera on his body broadcasts every second to the world above. ● LIVE.

### FESTIVALS & SUPPORT

- Graduation film of the Bucheon (BIFAN) × SBS A&T AI Filmmaking Program
